

The SUNRISER

The Newsletter of the Rotary Club of Norfolk Sunrise

This is John Race, following his remarks regarding Remembrance Day and Two minutes' silence. He is making a presentation to Assistant District Governor Karen Oakes of US\$5,000 for the Rotary Foundation. Karen challenged the Rotary Clubs in Norfolk County to match: 2,000 from each of Sunrise and Simcoe, 1,000 from Delhi.

REMINDER: I just want to remind everyone to think about including Martial Hardy, our exchange student from France, in various activities you are involved in - trips, shopping, family functions and so on. I know we are coming up to a very busy social time of year and you might want to consider including Martial, especially if it gives him an opportunity to meet more young Canadians. By "young", I mean his age group of 18ish. Not that you aren't all that young at heart.

The Becas Program student was Cinthya Yuridio Cruz Cruz. Cinthya is in the first semester at Instituto Tecnologico Superior de Puerto Vallarta (a New Technical School) and she has six brothers and sisters. This is Cinthya.

We want your feedback!!
Please send any comments on your Sunriser to jeff.noble@goodcas.com

OVERSEAS

Dear one I'm far away from you,
And kind of feeling blue.
Paper, Pen & Ink are short,
So this is what I'll do.

I'll look into the fleecy clouds,
And blow a kiss or two,
I know the clouds will drift my love,
And bear that kiss to you.

That kiss will weather rain & cold,
The wind will bring it through,
And since the lord will guide it,
It will surely get to you.

Now when you get that kiss my dear,
Just hold it to your lips,
And think of the boy who wants you so,
And pray for his home-ward trip.

For in that kiss is a thing of magic,
With a glory all its own.
It will help you wait for the day when
we,
Are together and alone.

And when I get home to you my dear,
We'll think of the days that are past,
And thank the lord that OUR LOVE,
Was the kind of LOVE that could last.

Written & Composed by:-

Tpr. G.M. Cooper
