Director's Meetings SUBMITTED BY DAVE MURPHY

This first Wednesday of every month is just a little out of the ordinary. How you ask? It is our directors meeting held at the office of a well known dentist and our illustrious president. I

am always nervous at these meetings. When you enter the office the odor of novocaine is very strong along with the sound of drills drilling and sharp objects picking away. Welcome to the meeting says Steve (ya right). Don't worry about the background smell and noises because I have only lost one this year, but Steve this is January's meeting.

This is all fiction of course. Our meetings are conducted with ease and efficiency and a little fun through out. So I include a picture of President Steve drinking his morning coffee making sure the Rotary directors stay true to our course. Still a little apprehensive going to that office the first Wednesday of every month.

Community Concerns SUBMITTED BY JIM DAWSON

The Community concerns committee approved a donation to Norfolk Field naturalists to sponsor up to 10 students at \$80 each (max \$800) to attend the OFN conference.

We defered donations to REACH and Upper Deck youth centre pending a more specific request. We have also just received requests from the Splash spray park committee, Panorama and Junior Achievement for consideration at our next meeting.

The committee decided to proceed on a "Clean up the Lynn" day which will be set for Saturday May 25. We will be preparing some publicity and contacting local groups to help on the day and would like to make it into a community event with some refreshments. We will bring a sign up sheet next week for helpers, organisers, trucks etc.

Update from Kris SUBMITTED BY KRISTOPHER HARROP

Okay...so yes it has really been forever since I dropped you all a line...but here goes... Good Afternoon! Morning! Evening! (you choose for the timezone you are in!

Well...things have been getting along... And... I really don't have alot to update about...it becomes sorta weird to tell you about things when it is really now your life and not just some ridiculous vacation... hmmm...what would interest you? My host family's dog is going to have puppies...I have to keep checking tonight to see if she has had them or not...and if she is in pain...but she seems okay..

Oh well, obviously this update has alterior motives... I have made a website (ohh...ahhh...dead silence...)...
