## To the Sponsoring Rotarian

**Please use the following checklist to indicate that you have discussed each of the items with your proposed Rotarian member or family member. The term *member* where used below applies to both Rotarian members and family members.**

1.  The **responsibilities** and **privileges** of membership in our club and Rotary, including regular attendance at meetings and participation in club activities.
2.  The member **screening process**, including Membership Committee recommendation, Board approval, and full membership acceptance.
3.  The **fee structure**, including initiation fee, quarterly dues, administration fee, and meeting fees for Rotarian members; and meeting fees only for family members.
4.  A current **Member Handbook** has been presented to and discussed with the applicant.
6.  A **police record check** must be completed before a member will be allowed to interact with youth or other vulnerable people during Rotary activities, or to take part in situations where vulnerable people may be participating. Note that this police check bears no financial cost to the member. Please retrieve letter for member.
