Early Act Cleans up on Earth Day

MONTE SONNENBERG
Simcoe Reformer.

Megan Hartnell (above) of Simcoe, a Grade 12 chemistry student at Holy Trinity Catholic High School, demonstrates the holding power of an environmentally-friendly hairspray made entirely of common household ingredients. Students (right) at Elgin Avenue Public School fanned out across Simcoe to do their part yesterday for Earth Day. Picking up trash around the Blue Elephant Restaurant on Norfolk Street South were, from left, Grade 4 students Bailey Harding, Ally Berec and Brody Meyers.
